Redwood City's Ex-Postmaster Is Seriously Ill

Operation Performed On Carl Mabie Yesterday

Carl Mabie, who retired as Redwood City's postmaster on May 1 after nine year's service, today was reported to be in a serious condition at Mills Memorial Hospital at San Mateo following a sudden operation late yesterday.

Mr. Mabie was rushed to the hospital by Dr. Harry Mason yesterday for an emergency abdominal operation.

An operation was immediately performed, but Mr. Mabie's condition was still reported as being very serious.

Mr. Mabie's illness came just a few hours after he had been honored by the employes of the office that he headed at a dinner Saturday night at Belmont.

With Robert O'Connell, who was appointed to succeed him, Mr. Mabie was guest of honor.

Greater Safety In New G-3 Tire Is Assurance

Increased safety for drivers of modern high-performance automobiles is assured by a new tire, known as the "G-3," according to Walter Lynch, local dealer for the Goodyear Tire & Rubber Co.

"The tire got its name," says Mr. Lynch, "from the symbol that was used to identify it in the laboratory and on the Goodyear test fleet during the years of its development to perfection. The G-3 All-Weather proved in all the rigorous tests to which it was subjected that it would average 43 per cent more non-skid mileage.

"Good tires are more important to automobiles today than ever before for several reasons. The modern automobile is faster than its predecessors, has smaller wheels, will start and stop more quickly, and needs tire traction to show its best performance.

"With 'G-3' tires, and automobile will have the advantage of non-skid safety for 43 per cent more miles than with any tire ever offered previously by the Goodyear company."

Davison Named De Soto Agent In Redwood City

Announcement of the appointment of M. P. Davison as dealer for the new Airflow De Soto and Plymouth automobiles in Redwood City was made today by James F. Waters, Northern California distributor for this line of cars.

Mr. Davison has opened a showroom at Main street and Middlefield road, where he is now showing the newest models. He has been a resident of Atherton for the past 10 years and is well known throughout San Mateo county.

Several local automobile salesmen will be associated with the new dealer.

Belmont's Tax Rate Will Remain at $1

BELMONT, May 9.—Belmont's municipal tax for the coming fiscal year will remain at the present $1 rate, it was indicated last night at a special meeting of the city council for consideration of budget items.

Retention of the same rate is expected to be made necessary because of the heavy tax delinquency of this year, approximately 20 per cent. The council had expected to be able to make a tax reduction.

Bay Meadows Stand Permit Is Granted

SAN MATEO, May 9.—Laying of the foundation for a concrete grandstand seating 5000 at the Bay Meadows race track here is expected to get under way next week following the granting of a building permit for $132,000 by City Building Inspector M. A. Powers to Maury I. Biggs of Oakland, construction engineer on the new horse racing plant.

The grandstand is to be 400 feet by 106 feet, and 65 feet in height.

COME INTO THE KITCHEN

It's quite fashionable these days for the hostess herself to prepare a "White Star" Tuna salad which is topped with a hard-cooked egg and served in these very smart dishes . . . china hens revived from Victorian days.

MENLO PARK WITHHOLDS NAMING OF POLICE HEAD

MENLO PARK, May 9.—If a plan outlined at a meeting of the Menlo Park city council last night is adopted, Menlo Park will get along in the future, as it has in the past week, without a chief of police. The plan proposed that a member of the council be given the responsibilites of chief.

That suggestion was the high mark of a council meeting which was enlivened by further sweeping of the "new deal" broom—Capt. Hugo May being swept out of office as building inspector and street superintendent, and J. J. Harcom being swept in—and by a charge of bad faith against new council members over changes that have been made in the police department.

James O'Keefe Jr., city attorney, was instructed to determine the legality of Councilman Henry Carroll's suggestion that the office of police chief be abolished and that the responsibilities of that office be placed in some member of the council. If the plan is legal, O'Keefe will bring an ordinance before the council at its meeting on May 22 which will contain the novel provisions.

The present vacancy in the chief's office was created recently when Edward Feeley resigned.

Split Vote Looms

The possibility of a spit council vote on the proposed ordinance was seen last night when Councilman W. H. Weeden, holdover member from the former administration, said that the plan looked to him "like a ship without a rudder."

But that the plan will be adopted if its legality is established was clearly indicated when Carroll, who is police commissioner, opened the discussion by saying that "it has been practically decided upon between the three new members of the council that it might be possible to give a little better police protection by eliminating the chief of police and the gold braid and medals."

Carroll's suggestion for police department organization also provides for the addition of another full-time man on the force.

Carroll predicted that enforcement of liquor laws will be put "right to the cities" in the future and that Menlo Park will be the better equipped for duty with three full-time men on the force.

Weeden questioned the legality of the plan of eliminating the office of chief. "It's rather a novel idea," he said. "There's got to be a boss on every job. I don't know if Carroll will have the time."

Carroll replied that, if he should could designate any police officer be named as councilman-chief he to act as chief for him during day or night shifts. "The office of chief has been a bone of contention," he said. "Every man here knows it."

Harcom Choice Opposed

The appointment of Harcom, a former councilman, as building inspector and street superintendent was accomplished by the three votes of Councilmen Carroll and Irving Dunn and Mayor J. E. Cooper. Weeden and Hart voted against the motion to appoint Harcom to May's old post.

Fireworks were struck toward the close of the meeting when James Douglas, who described himself as a "resident and voter," demanded of the new councilmen why they had made changes in the police department after stating in the recent municipal election campaign that "the police department is not an issue."

After the new council took office, Thomas Kearney was relieved of his office of police chief and reduced to night man.

Councilman Dunn told Douglas the new deal candidates did not sign any "pledge" not to make changes in the police department. The statement referred to, he said, was simply a warning to voters not to be mislead by opposition candidates. He said that the new councilmen had pledged themselves not to use the police department "for political purposes."

Douglas insisted that the statement of the police department not being an issue "was a lie."

Other matters which came before the council included the following:

The Southern Pacific Railroad will be requested by resolution of the council to erect property safety signs at the intersection of Encinal avenue with the tracks. Encinal has recently been improved for traffic.

The name of W. L. Casey was submitted by plumbing contractors for appointment as plumbing inspector.

Hinman Requests Ruling on Witt Recall Petition

County Clerk Elmore B. Hinman today asked District Attorney Edmund Scott to rule on whether petitions for the recall of Supervisor Albert Witt are to be circulated only in the First Township or in the whole county area.

The question put to Scott is whether the recall petitions shall contain the names of 20 per cent of the voters of Witt's district or 20 per cent of the voters who would vote upon his successor, if Witt is removed.

Wide Variety Sought In Local Pet Show

Dogs and cats are the most popular types of pets entered each year in the Redwood City Humane Society pet show and parade, but there is a wide variety of suggestions offered by the society as entries in the 1934 pet show to be held here Saturday, May 19.

Some of the more unusual pets which may be induced to enter the competition for ribbons include the following: Horned toad, alligator, leopard, chameleon, horse, canary, crow, eagle, ants, chicken, fish, mouse, wildcat, pigeon, marmoset, rabbit, duck, snake, lion, squirrel, white rat, monkey, guinea pig, owl, raccoon, deer, lamb and others.

Chamber Sets Dinner Meet For May 22d

Dr. Jason N. Pierce, S. F. Minister, To Speak

The Redwood City Chamber of Commerce will hold its second quarterly dinner meeting of the year in conjunction with local service clubs on the evening of Tuesday, May 22, according to plans completed at a committee meeting yesterday afternoon at the chamber of commerce office.

Dr. Jason Noble Pierce, pastor of the First Congregational Church of San Francisco and former pastor for the late President Calvin Coolidge at Washington, D. C., will be the main speaker, it is announced.

Dr. Pierce's topic will be "Here's to Uncle Sam."

A large number of Redwood City residents is expected at the dinner, which will be held at Sequoia Union High School. Approximately 150 attended the first quarterly dinner, held early in January. An invitation is being extended to all business men and residents to attend. Reservations may be made by calling the chamber of commerce office, telephone 89.

J. E. Morrish is general chairman in charge of the meeting.

Working under him are the following two committees: Attendance—George McQueen, chairman, Amerigo Rossi, the Rev. Norman Pendleton and Louis Dematteis; arrangements and entertainment—Clifton Woodhams, chairman, A. H. Davies and J. D. Hedge.

Lions to Attend

Twenty-five members of the Redwood City Lions Club last night pledged themselves to attend the dinner.

LEGAL RATES FOR COUNTY ESTABLISHED

Providing for an estimated saving of $3675 on the publication of the delinquent tax list, the board of supervisors today had set a charge of 32½ cents per description.

This offer was made by the county publishers after they had submitted a rate of 35 cents, which was a 15-cent reduction from last year's charge. On an estimated 21,000 descriptions, the publication of the tax list will be $6,825 compared to an estimated $10,500 on the basis of last year's charge of 50 cents.

Walter Pepin of San Mateo, who was charged by Chairman C. V. Thompson with an apparent attempt to mislead the board, was not present when the rate was fixed.

Witt Sole Objector

Supervisor John Poole, Redwood City, introduced the resolution fixing the rates and Supervisor Manuel Francis of Half Moon Bay seconded the motion. Supervisor Albert Witt cast a lone "no" vote.

The resolution also provided for an attitional reduction in county legal printing costs by the elimination of "white speace" between the lines. This means that the lines of type will be set "solid," or closer together.

Through these two decreases and a prior reduction of 67% in the cost of publishing ordinances, the county has been saved approximately $10,000 this year in printing costs.

The board, upon motion of Supervisor Witt, excluded Marina Vista and the Willows tracts from the proposed reorganized district of the Lomita Park Fire Department. Increased territory was provided in the inclusion of the Capuchino Golf Course properties.

The question of hiring a nurse for the coastside area and paying her $300 from the $6,000 charity fund derived from Baden admissions was continued by the board.

Suggestions of the Allied Craftsmen that the relief meetings be open to the public was referred to Relief Director Sam Merk.

Protest over the establishment of a camp within the Half Moon Bay Sanitary District has been satisfactorily taken care of by the county arbitration board, it was reported.

Road Fund Delayed

Provision by the county of $20,000 for the purchase of additional rights-of-way on the Junipero Serra boulevard project was continued until budget-time.

George Conn, traffic consultant, filed a second letter of protest on his own behalf against the proposed bonding of San Mateo county for the development of Redwood City's harbor.

M'NUTT IMPANELS NEW SAN MATEO GRAND JURY

Advising the jurors not to engage in any matters of purely legislative or social concern "particularly if they have political aspects," Superior Judge Maxwell McNutt Wednesday impaneled the 1924-35 San Mateo County Grand Jury.

The action of the jurist was unprecedented in the county as the old jury, impaneled last July by Superior Judge Franklin Swart, had not yet been discharged.

Twenty names of a prospective list of 30 jurors were drawn by Court Clerk Homer Hargrave before the body of 19 was selected.

One of the jurors, Leo O'Grady of San Mateo, asked to be excused from the panel because of duties at the bank which did not permit of his services.

Mrs. Lillian Kerwin of San Mateo was drawn as the successor to O'Grady.

James Lawrence of San Mateo, a prospective juror, was excused because he figured in an automobile accident and broke a leg; Mrs. Florence Kellogg of Redwood City, wife of County Executive Walter Kellogg, was excused at her request, and Mrs. Alexis Ehrman of Atherton was excused.

The 19 final selections, sworn in at 10:12 a. m., are as follows:

Frederick Billsborough, Burlingame.
Raymond T. Gallagher, Burlingame.
Lillian M. Kerwin, San Mateo.
Robert J. Hatch, Bayshore.
Phillip E. Brand, Redwood City.
John Fracchia, Menlo Park.
James M. Kawlins, Burlingame.
Mrs. Mayda E. Warner, Atherton.
Stella G. Allen, North Palo Alto.
John Mager, South San Francisco.
Homer M. Hinchman, Redwood City.
Anna B. Reeves, Montara.
Minnie D. Rodgers, Burlingame.
Grace L. Augustein, Daly City.
Dorothy A. Garibaldi, Colma.
B. J. Rodondi, South San Francisco.
Alfred E. Kauffmann, South San Francisco.
Manuel P. Dutra, Half Moon Bay.
Floyd B. Tower, San Bruno.

Judge McNutt appointed Tower as foreman of the jury, and Tower named Mrs. Warner of Atherton as secretary.

Tower is a former Canadian World War veteran who went overseas at the age of 16 and later joined the American forces. He is in the insurance business in San Francisco, and resides at San Bruno. He is a cousin of Charlemagne Tower, former ambassador to Berlin under President Taft.

Judge McNutt informed the press that he had no particular program in mind for the grand jury but that he hoped to have the regular county inquiry made at the least possible expense.

The jurist instructed the inquisitors that "your duties are primarily to inquire into public offenses committed in the county when such matter is laid before you by the district attorney."

While warning the jurors not to discuss "publicly" what is discussed behind the jury doors, Judge McNutt said "this does not mean that you are to indulge in any mysteries."

"If you are approached by the press, you are not to be mysterious with any of them," he said. "If there are matters that cannot be publicly disclosed you can tell them so. You will find they will never abuse your confidence."

Judge McNutt advised the jury that if they discus sany purported offense with a county official and then deem that there is no basis for indictment the comments or evidence are not privileged and their use will be libelous.

The jurist pointed out that the inquisitors are "a part of the court" and said: "Therefore I suggest to you that all matters of purely legislative, economic, industrial or social concern are considerations in which you should not indulge, and, particularly if they have political aspects."

"The last thing that any grand juror should ever do," said Judge McNutt, "is to attempt, with a view to his own personal aggrandizement, or otherwise, to indulge in any phase of politics. You should always remain aloof from it."

BOARD DELAYS RELEASE AS MERK RESIGNS POST

Sam D. Merk, director of unemployment relief in San Mateo county for the past two years, Monday submitted his resignation to the board of supervisors.

Declaring that he was "tired," Merk informed the board upon its solicitation that he would not for a moment reconsider the decision.

The board, however, refused to release him from his duties for at least one week, delaying the acceptance upon the motion of Supervisor Albert Witt, Colma, seconded by Supervisor Rosalie M. Brown, San Mateo.

Letter As Follows

Merk's brief letter of resignation read:

"I have spent two years in an attempt to help the unemployed of this county. I am tired and in need of rest. Please accept my resignation as director of relief for San Mateo county."

Supervisor Brown said that the resignation caused "great regret" and asked if Merk would not reconsider his decision.

"Under no conditions," Merk replied.

In Disagreement

Merk's resignation follows his disagreement with the San Mateo county unemployment relief committee over the need of a more "professional approach" to the relief problem. The committee itself resigned, but the differences were apparently patched up and Merk and the committee made peace.

Resignation of the relief director has been sought by certain non-union workmen, including A. W. Rodgers of Menlo Park, who charged that Merk had interpreted federal regulations on CWA projects in favor of union men.

All relief work now underway in the county has been under county bond funds since the CWA was demobilized.

Belmont Fire Razes House At Early Hour

Summer Home Situated On Alameda Burns To the Ground

BELMONT, May 10.—In a spectacular early morning blaze that threatened a heavily wooded hillside on which many homes are located, the unoccupied summer residence of Edward Stone of San Francisco on the Alameda de las Pulgas at Forest avenue was burned to the ground early today.

Response of men and equipment from the Belmont Fire Department under Chief William Neilson was credited with keeping the flames from the adjoining residence of W. W. Hamilton on Forest avenue and from the thickly wooded area which offered headway for a conflagration of serious proportions.

Cause of the fire, which was discovered shortly before 1 a. m. by members of the P. F. Ross family who were sleeping on an outer porch of their home above the Stone place, could not be immediately determined.

Loss Estimate Is $3000

The flames completely razed the two-story frame building, Stonehaven, and its furnishings within 35 minutes at a loss estimated at more than $3000. The owner is a San Francisco garage proprietor.

The fire started on a rear porch, and firemen expressed the opinion that ti may have been started by itinerants. Defective wiring was also believed to have been a possible cause.

Firemen were assisted by guests at a dance at the nearby Belle Monti Country Club.

Hose lines were run from two hydrants, and firemen trained streams on underbrush and oak trees to keep the flames in check when it was apparent that the wooden building could not be saved.

Artichoke Light Experiment Ends, Value Is Proved

Male artichoke moths like white, and the females are peculiarly attracted by blue, it was reported today by Max J. Leonard, county agricultural commissioner, who announced the discontinuance of the artichoke light experiment established in conjunction with the University of California on the Manual Roach ranch north of Half Moon Bay.

Large numbers of moths were taken by the lights, and the color seemed to be finally determined, Leonard asserted. The blue were most effective, the white lights next and the red lights of no value whatsoever. The blue lights caught far more females than males and the white more males than females.

Results of the experiment were encouraging, according to Leonard. Tabulation of actual counts of wormy artichokes showed that there was a substantial reduction in percentage of infested buds. Indications point that the use of lights for this purpose is worthy of consideration, and the county plans to carry on the work next season provided funds are allowed.

Commissioner Leonard hopes to use two locations to check against each other next year.

Drought, Bugs Cause Big Loss To Local Crops

Heavy losses to San Mateo county agricultural crops because of the lack of adequate rainfall were reported today by Max J. Leonard, county agricultural commissioner.

The pea crops in particular have suffered, according to Leonard, although if there should be any rains within the next week some of the crops would be appreciably salvaged.

In addition to the drought damage, the insect pests are also unusually heavy because of the mildness of the winter, Leonard stated. Lack of frosts that might kill many of the insects is believed to be the chief cause.

'Ad' Club Singers To Be Heard May 11

Known in San Francisco for many years as an outstanding group of male voices, the glee club of the San Francisco Advertising Club will sing for the first time on the peninsula next Friday night, May 11, at the Men's May Party in the parlors of the San Mateo Congregational Church.

The club has been heard by most of the luncheon clubs of San Francisco, and includes some of the favorite singers heard regularly on radio programs. The men, 16 in number, have been singing together for 10 years. Henry L. Perry is the director and Judson Weiler of Burlingame is the accompanist. Their program will consist of several songs, solos and a trio.

The glee club will be but one feature of an evening crowded with entertainment as planned by various committees. Between 75 and 100 tables will be set for bridge and other card games and there will be other entertainment for these not taking to cards. The party has been made a peninsula community affair.

U. S. Labor Mediator Challenged By Rolph

SACRAMENTO, May 9 (UP)—Gen. Pelham D. Glassford's activities as a federal labor mediator in the Imperial Valley of California were challenged as unnecessary today by Gov. James Rolph Jr.

The governor claimed that there are no strikes in the valley at present. He denied the right of the federal government to call an election among Imperial valley workers to determine their desires in union affiliations.

In his protest sent to President Roosevelt, Rolph claimed that "Communistic agitators" were sponsoring the election plan.

Rolph's challenge came at a time when the American Civil Liberties Union and other organizations sought to obtain "additional powers" for Glassford.

THIS TIRE MAY SAVE YOUR LIFE

Golden Ply prevents great cause of blow-outs!

To prevent blow-out tragedies, Goodrich has built into every new Silvertown Tire the amazing Life-Saver Golden Ply. This invention resists terrific heat—*inside the tire*—where blow-outs really start. Rubber and fabric don't separate. Thus, heat blisters don't form. Blow-outs are prevented by overcoming their great, unseen *cause*.

Tires last months longer

Racing daredevils tested the Golden Ply at breakneck speeds. Gave it everything they had. Not *one* blow-out. Similar tires without this feature failed at one-third the distance the Golden Ply Silvertowns were run. And what's more the Golden Ply Silvertowns kept right on eating up the miles.

No Extra Cost

You can put this blow-out protection on *your* car at no extra cost, for Goodrich Safety Silvertowns cost not a penny more than other standard tires. Come in today!

A Real Message to Human Sufferers

HEALTH and Happiness for You . . .

Every day sees amazing new successes achieved by Chan & Kong in helping the sick of Redwood City. No one now disputes the facts. The evidence is too overwhelming and convincing.

It seems almost impossible that any group of specialists could accomplish so much good as this organization since coming to Redwood City a month ago. But there are many testimonials on file at the office of Chan & Kong. There are many Redwood City people who will gladly tell of the marvelous new health the herbs have brought them. No one can dispute such results.

It is amazing that many who were given up by others a few months ago are now well and vigorous. But such is the astounding record established wherever the Chan & Kong organization establishes an office.

The reason is simple. Every decision—every action of these successful herbalists is based on scientific facts concerning clean, pure, natural herbs—the greatest gift of God to humanity. Every herbalist in the Chan & Kong organization must have devoted many years to research and study of the effects obtained by over 3,000 of these herbs.

A science many centuries old—based on actual results and experience! A famous organization of experts with a record of 28 years outstanding success to serve you! That is why hundreds are flocking to Chan & Kong in Redwood City.

Those with wisdom and courage to face the facts, those who know the priceless value of a clean, healthy body—free from pain or suffering—will investigate not tomorrow, but NOW.

A HIGH RECOMMENDATION for CHAN & KONG From a Grateful Citizen of Redwood City

Chan & Kong Herb Co. May 8th, 1934
Redwood City, Calif.

To Whom It May Concern:

I am 64 years of age. For quite a while I suffered with kidney trouble and backache. In the last few months it hurt me so bad I had to quit working. Recently I heard so much about Chan & Kong Chinese herb treatment that I gave them a trial. It really surprised me; after taking the herb tea only two days the pains in my back left me entirely. Altogether I took about two weeks' treatment. They surely put me on my feet. I feel well now, and able to go back to work again. I am glad to recommend their herbs to any one who seeks to regain their health, and with much pleasure to give all information to anyone who wants to know more about Chan & Kong's herbs.

Yours truly,
(Signed) JAMES DAY,
175 Maple St., Redwood City, Calif.
